

Boon, Paul

Brain Health Mission

Paul Boon is Senior Full Professor of Neurology and Director of Neuroscience at Ghent University, Belgium. He is also chair of the Department of Neurology and Chair of the Division of Head, Movement and Senses, as well as professor of Neuromodulation, at Eindhoven University of Technology. As a board member and former chair of the EAN Programme Committee, he has actively contributed to the annual EAN congresses. He has also previously served as co-chair of the EAN Scientific Panel on Epilepsy, member of the European Journal of Neurology Editorial Board, and as a member of the EAN Scientific Committee. He is a Fellow of the European Academy of Neurology (FEAN).

Prof. Boon's main neurological interests are clinical epilepsy, neurological sleep disorders, quantitative EEG and MEG analysis, neuromodulation and functional neuroimaging. He founded the 4Brain Laboratory for Clinical and Experimental Neurophysiology, Neurobiology and Neuropsychology at Ghent University.

Prof. Boon also serves as an observer to the board in his capacity as Chair of the Brain Health Mission.
