

Viatge, Helene

Cibiltech

Hélène Viatgé, COO of Cibiltech, is a seasoned healthcare entrepreneur with over 15 years of experience in the medtech and digital health field. She has worked both in France and in the UK, in large corporations such as GE Healthcare or Humanis, as well as in start-up ecosystems bringing products from prototypes or academic level work to first-in man studies and international adoption. She has developed expertise in quality, regulatory, data safety and clinical fields.
